**on**

**Two Days Workshop on "Basics of Computers"**

**Name of Event:** Workshop on "Basics of computer"

**Date of Event:** 30-05-2014 to 31-05-2014

**Event Coordinator:** Prof. Saiswapna Shirkonda and Prof. G. Rajesh Babu

**Introduction:**

Department of Computer Sciences and Engineering organized two days workshop on **Basics of Computer**. This workshop will explore knowledge about basic things. This two days workshop is conducted for Non teaching members of the college.

**Aim:**

The purpose of this course is to help to build basic operations of a computer system and also helps to learning of hardware and software processes for non teaching staff members.

**Objective:**

- To familiarize with characteristics of computers
- Identify the basic components of a computer
- Explain the importance of various units of a computer
- differentiate between system software and application
- To improve confidence in technology use and increased awareness of opportunities afforded to individuals with computer application skills.

**Event Details:**

Prof. Saiswapna Shirkonda, Asst. Professor, Computer Science & Engineering Department, Tulsiramji Gaikwad-Patil College of Engineering & Technology conducted the session and provides training to use computers. The course included the basic of hardware and software concepts, working with OS, assemble the computer parts and their proper usage. He also discusses the theory about the function of

TECHNOLOGY, NAGPUR

each and every parts of the computer. On another day, along with this Prof. G. Rajesh Babu also conducted the session on Microsoft word document preparation.

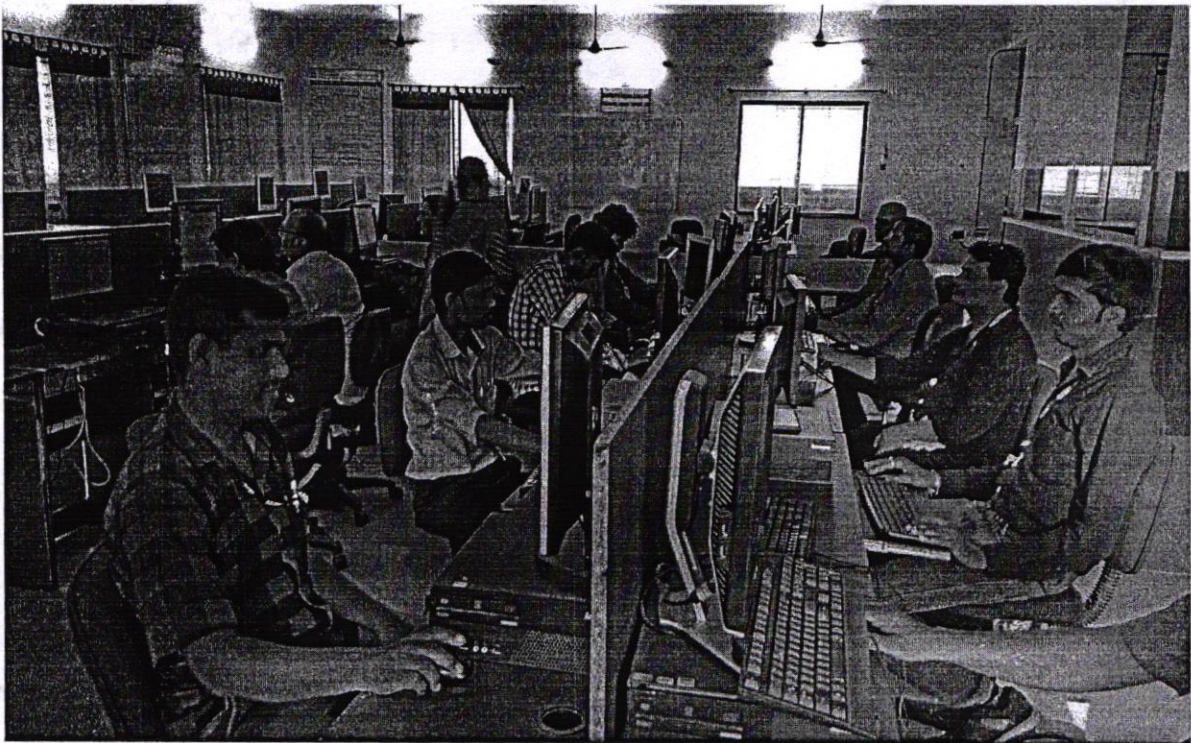

#### Outcomes:

1. Understand the fundamental concepts of hardware and software components of computers.
2. Able to use the computer for basic purposes of preparing his personnel/business letters, viewing information on Internet.

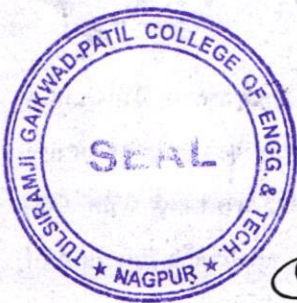

#### Conclusion

The Course provided in-depth knowledge of the Basics of Computer. Training program covered various topics of Computer and enabled to used different tools available in Computer.

**Report on**

**Two Day Workshop on "Utility of Social Network"**

**Name of Event:** Workshop on "Utility of Social Networking"

**Date of Event:** 13-06-2014 to 14-06-2014

**Event Coordinator:** Prof. Jiwan Dehankar and Prof. Vishal Tiwari

**Introduction:**

Department of Computer Sciences and Engineering organized two days workshop on **Utility of social network** under IE(I)(Institution of Engineers(India)) banner. This workshop explores basic idea behind each of social networking sites to connect people, how social networks are turning into a business, some security issues that are needed for. All Non-teaching staff of college was participated in this two days workshop.

**Aim:**

The aim of conducting this workshop is to investigation is to explore the future of social networking.

**Objective:**

- Developing goals for your social media campaign
- Using social media as a service tool
- Creating a social media campaign that suits organizational needs
- Social Media Platforms such as Facebook, Twitter, LinkedIn, YouTube, Wikipedia, Instagram, Google+, and more
- Determining target market

**Event Details:**

Prof. Jiwan Dehankar and Prof. Vishal Tiwari of Computer Science & Engineering Department, TGPCET, Nagpur, conducted the session and explained about Social Networking tools and its utilities. Social sites play an important role in sharing and transmitting valuable information regarding business exams, results etc. Social networks can be described as web applications. Social networking services are utilized for different reasons: to network with new contacts, connect with friends, build or promote a business ideas etc. Some services, such as Facebook and Twitter, have a broad range of users, while others cater to specific interests. For example, LinkedIn has positioned itself as a professional networking site profiles include resume information, and groups are created to share questions and ideas with peers in similar fields. In workshop how to do digital marketing in facebook is explained, how to create account in facebook or twitter, Photos & Videos Sharing in facebook, instagram, Watsapp,

Facebook Ads Manager, Campaigns tab, use of emojis. Non-Teaching staff members have understand in detail the significance of the implementation of ERP Software.

**Outcomes:**

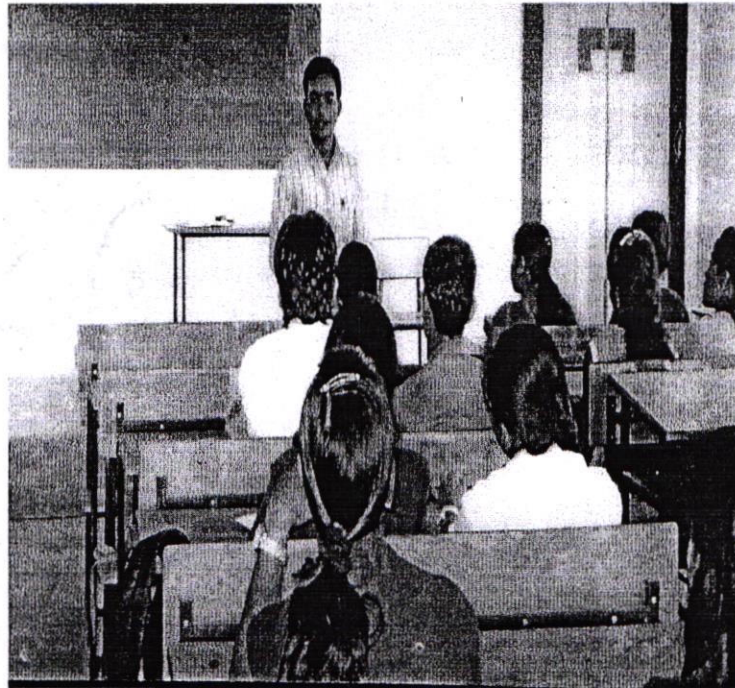

1. After attaining this workshop staff of organization understand how to promote college.
- 2 It facilitates online learning e.g the use of Youtube, watching educational videos in various subjects can help to gain wider knowledge.
3. This workshop adopt the use of online technologies in learning environments

**Conclusion:**

The workshop:

- Improves educational experience of staff by using latest web applications and web tools.
- Improvement of technology skills.
- Increase in the exposure of diverse views.

**Report on  
One Day Workshop on Mind Mapping**

**Aim:-** To work Properly in the professional organization & Mind mapping and concept mapping aim to assist in very different tasks

**Introduction:-**

Mind mapping and concept mapping aim to assist in very different tasks. Concept maps are intended to be an objective presentation of the logical relationships between related and understood ideas or events. Concept maps are the result of long-term based research which has been directly tested, with the results constantly examined, redirected & reexamined. In some ways mind mapping finishes where concept mapping begins. By making mind maps I would allegedly get to understand how the various different strands of my thinking fitted together. At the end of this I would be in a position to know what the core issues that I wanted to address and begin to pose 'focus' questions to understand how I would understand the issue in greater depth. Concept mapping and pattern matching are both the processes and the graphic results of a group's problem solving efforts --results that people understand, interpret, agree to and use. These group processes ensure your volunteer group or organization can conduct your planning and decision making efforts faster, more comprehensively, and more objectively and with much more satisfying results.

**Outcome:-**

- 1) Facilitators and participants identify the focus of the project, such as the components of a new training program or the strategic performance objectives for their volunteer group or organization;
- 2) The group brainstorms ideas together or over the web
- 3) Selected participants organize the ideas by sorting them into groups of related items and then rate them according to priority or relative importance (or on other scales as necessary);
- 4) The group uses analytic methods to map the ideas, providing a single graphic that acts as a roadmap or blueprint for subsequent work;
- 5) Participants interpret the maps, discuss how the ideas are organized, and identify the critical high-priority areas (called Go-Zones);

# Tulsiramji Gaikwad-Patil College of Engineering and Technology

Wardha Road, Nagpur-441 108

## Department of Information Technology

6) The volunteer group or organization uses the results to organize for action, examine consensus, and evaluate subsequent actions. Concept Maps take an enormous amount of information and consolidate it into a concise, readable graphic. By working with concept maps, a group of people can rapidly explore the relative importance (or other factors) of different ideas and use this shared vision as the basis for further action.

Session:- 2014-15

Date:- 11/02/2015

**Report on****Seminar on Health Care & Cautions**

**Aim:-** The main aim of primary health care is to provide continuous and comprehensive care to the patients. It also helps in making the patient available with the various social welfare and public health services initiated by the concerned governing bodies and other organizations

**Introduction about the Seminar:-**

Health care management system is a web application developed for hospitals to manage staff data and patients data effectively. The main aim of developing "HEALTH CARE MANAGEMENT SYSTEM" is to computerize the Front Office Management of Hospital. Hospital Management System is designed for multi-specialty hospitals, to cover a wide range of hospital administration and management processes. The project Hospital Management system includes registration of patients, storing their details into the system, and also computerized billing in the pharmacy, and labs. Healthcare is a field in which accurate record keeping and communication are critical. The software has the facility to give a unique id for every patient and stores the details of every patient and the staff automatically. With the increase of demand in hospitals, we need effective data management system for handling patient's data, staff data and treatment details in an effective way. It deals with the collection of patient's information, diagnosis details, etc. It includes a search facility to know the current status of each room. User can search availability of a doctor and the details of a patient using the id.

The main intention of introducing this system is to reduce the manual work at Health center counters. Quicker processing of receipt would mean better service to the patients. It would also help in the complexity of maintaining the records manually and thus less time is wasted on rework. The system is used to enter the patient details and to enter the details about the health center and the details about the in-patient and out-patient in detail and about the reports of the patients. User can login into the The Hospital Management System using a username and password. To develop a Health Center Management system, we take care of patient registration, drug information and concerns such as drug inquiries and complaints. It is accessible either by an administrator or receptionist. Only they can add data into the database. Proper maintenance of the drug information timely dispatching of the drugs from the main stores to the pharmacy and also maintenance of daily dispatching of the drugs to the out patients from the pharmacy to the out patients.

**Objectives of the Seminar are:** To maintain the health & Care systems among the staff members of the college.

## Tulsiramji Gaikwad-Patil College of Engineering and Technology

### Department of Information Technology

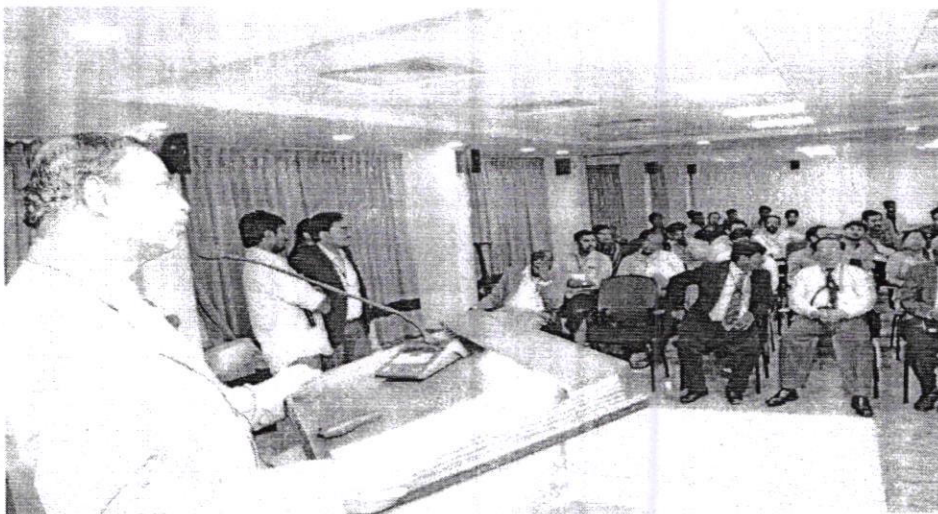

#### Benefits of Seminar:-

These health facilities are typically far from their homes, and the cost of the care they provide, both to the government and to the individual, is higher. The service optimization process of the Ministry of Health (MOH) will consolidate PHC services and establish 793 rural family polyclinics. The optimization process aims to (i) increase the availability of a wider spectrum of health services not currently available to rural populations and (ii) prevent people from bypassing PHC facilities for nonemergency care to reduce the overutilization of secondary and tertiary health facilities.

#### Tips Delivered :-

- Follow a Heart-Healthy Diet
- There's an easy recipe if your goal is to keep away problems like heart disease and strokes.
- Eat more fruits and veggies.
- Choose whole grains. Try brown rice instead of white. Switch to whole wheat pasta.
- Choose lean proteins like poultry, fish, beans, and legumes.
- Cut down on processed foods, sugar, salt, and saturated fat.

#### Glimpses:-

Venue:- B-108 Hall First Floor TGPCET

Date & Time:- 9th February 2015 at 2.30 pm to 4.30pm

**Session 2014-15**

**Report on**

**One Day Workshop on Softskill and Communication Skill**

**Name of Event:** Workshop on Soft skill and Communication Skill

**Date of Event:** 9 December 2014

**Event Coordinator:** Prof. Milind Khamgaonkar

**Introduction:**

Department of Civil Engineering organised "One Day Workshop on Softskill and Communication Skill" under I(EI) (Institution of Engineer's (India)) banner. This training will explore the knowledge of Soft skill and Communication skill. This workshop was conducted for one day. All Non-Teaching staff of college was participated in the workshop.

**Aim:**

The goal of conducting workshop is to ensure employees about Soft skill and Communication skill to the maximum number of employees.

**Objectives:**

- Inspiring leadership excellence & dynamic communication.
- Optimizing managerial effectiveness.
- Enhancing team building and time management skills.
- Increasing the employability skills of staffs along overall corporate grooming
- Enhancing public speaking & presentation skills.
- Developing interpersonal & time management skills.

---

### Department of Civil Engineering

---

- Providing motivational training along with practical orientation that helps in career visioning and planning.

#### Event details:

Prof. Milind Khamgaonkar, of Civil Engineering Department, TGPCET, Nagpur conducted the session and explain about soft skill training to the Non- Teaching Staff. Soft Skills training provides individuals to help them strengthen their interpersonal skills. While many people are brilliant at their jobs, some fall short in the area of soft skills, which are a key component in successful working relationships. Soft Skills Trainers provide support for people who struggle with or lack interpersonal communication skills. They achieve this by teaching helpful strategies as well as providing various role-playing activities that allow the participants to realize their shortcomings and take action to correct them.

#### Outcomes:

**Resilience** – learning to keep going when things don't go according to plan, coping with the unfamiliar, managing disappointment and dealing with conflict

**Teamwork** – learning to connect and work with others to achieve a set task

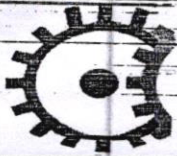

**Leadership** – assessing the requirements of a task, identifying the strengths within the team, utilising the diverse skills of the group to achieve the set objective, awareness of risk/safety

**Communication** – demonstrating clear briefing and listening skills, not being afraid to ask for help and support when necessary

**Emotional maturity and emotional health** – learning to handle emotions including tolerance and behavioural responses, building positive friendships and bonding with peers and classmates, learning to show understanding and to demonstrate respect for the opinions, personal space and beliefs of others

#### Conclusion:

**Tulsiramji Gaikwad-Patil College of Engineering and Technology**

Wardha Road, Nagpur-441100

### Department of Civil Engineering

Communication skills, both written and verbal, are invaluable for MLTs. Good communication involves not only being careful to communicate clearly and completely, but also respecting others and listening carefully to what they are communicating.

**Date: 14-03-2015**

**Session 2014-15**

**Report on**

**One Day Workshop on Personality Development**

**Name of Event:** Workshop on Personality Development

**Date of Event:** 13 March, 2015

**Event Coordinator:** Prof. Amit Dongre

**Introduction:**

Department of Civil Engineering organized "One Day Workshop on Personality Development" under I(EI) (Institution of Engineer's (India)) banner. This workshop will enhance employees confidence level and develop positive thinking and right attitude. This workshop was conducted for one day. All Non-Teaching staff of college was participated in the workshop.

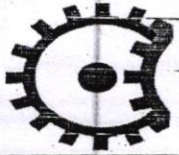

**Aim:**

The goal of conducting workshop is to develop confidence level and self leadership skills.

**Objectives:**

- To enhance self-confidence level.
- To communicate assertively.
- To set and implement goals effectively.
- To develop self-leadership skills.
- To adopt positive thinking.

---

**Department of Civil Engineering**

---

**Event details:**

Prof. Amit Dongre, of Civil Engineering Department, TGPCET, Nagpur conducted the session and explain about to develop interpersonal skills how to understand and relate, reduce boredom, eliminate low priority activities and distractions. Improve your personality by learning advanced personality development skills, techniques and workshops.

**Outcomes:**

- To develop and nurture a deep understanding of personal motivation.
- To develop an understanding of and and practice personal and professional responsibilities.
- To demonstrate knowledge of personal beliefs and values and a commitment continuing personal reflection and reassessment.

**Conclusion:**

Trained employees have competencies to meet the current and future needs of organization. Through the training and intervention measures, the human resources departments help organizations to establish a high-performing, active and engaged workforce.

### Report

**Professional Development Program:** "Workshop on Personality Development" from 06/03/2015-07/03/2015

**Introduction:** The department of Mechanical Engineering has organized a Workshop on Personality Development" from 06/03/2015-07/03/2015. Dr. A Bapat (Ex. Principal Vincent Palloti College of Engineering Nagpur) was the Keynote speaker for the workshop.

**Aim:** To understand the concept and importance of Personality Development

**Objective:** 1) To aware the participants about concept and importance of Personality Development  
2) To know about scope of importance of Personality Development

**Lecture Details:**

. Dr. A Bapat (Ex. Principal Vincent Palloti College of Engineering Nagpur) has explained in this session about concept and importance of Personality Development

**Outcomes of FDP:** Outcome of this workshop is analyzed by the feedback forms based on few questions and answered by Participants. On the basis of feedback form it is observed that participants understood the concept of Hospitality, Professionalism & Sense of Responsibility

**Conclusion:** The workshop is started with opening remark of head of the department, Mechanical Engineering and Presidential speech was given by the principal. TGPCET, The vote of thanks proposed by Program Coordinator.

**Acknowledgement:** On the behalf of Mechanical Engineering Department we sincerely thank Dr. A Bapat (Ex. Principal Vincent Palloti College of Engineering Nagpur), for accepting our invitation and delivering an informative knowledge on concept and importance of Personality Development

Report on

**One Day Workshop on Hospitality**

Name of Event: Workshop on Hospitality

Date of Event: 15<sup>th</sup> Feb 2014

Event Coordinator: Dr. Padmalochan Pradhan

**Introduction:**

Department of Master of Business Administration organised "One Day Workshop on Hospitality. This training will explore the knowledge of Hospitality. This training was conducted for one day. All Non-Teaching staff of college was participated in the workshop.

**Aim:**

The goal of conducting workshop is to encourage employees about Hospitality to the maximum number of employees.

**Objectives:**

- Develop self-discipline and work ethics
- Display good business manners in performing job functions
- Enhance professional appearance and create a lasting impression.

**Event details:**

**Tulsiramji Gaikwad-Patil College of Engineering and Technology**  
Wardha Road, Nagpur-441108

### Department of Master of Business Administration

Dr. Padmalochan Pradhan, of TGPCET, Nagpur conducted the session and explain relationship between a guest and a host, wherein the host receives the guest with goodwill, including the reception and entertainment of guests, visitors, or strangers. So how can you help to build idea to serve better.

Observe icons that inspire you. Study their mannerisms. Be a good listener. Dress for success. Respect punctuality. Help people. Keep your promises. Build relationships before you need them. Be engaged and involved in the community. Aim to inspire others.

#### Outcomes:

- It becomes easier to do better service.
- Knowing the situation and handle it wisely.
- Behavior pattern to deal with the situation.

#### Conclusion:

The participants in the workshop reached consensus on a number of key issues. The six separate working groups selected representatives to present their summary conclusions at the end of the workshop.

A central theme that emerged during the workshop, both in the formal presentations in the plenary sessions and in the focused discussions of the thematically organized working groups, is the importance of the timely prediction of the to serve better and polite working.

Department of Master of Business Administration

Dated: 13/10/2014

**Session 2014-15**

**Report on**

**One Day Training on Daily Discipline**

**Name of Event:** Workshop on Daily Discipline

**Date of Event:** 11<sup>th</sup> October 2014

**Event Coordinator:** Dr. Padmalochan Pradhan

**Introduction:**

Department of Master of Business Administration organised “One Day Training on Daily Discipline”. This training will explore the knowledge of Daily Discipline. This training was conducted for one day. All Non-Teaching staff of college was participated in the workshop.

**Aim:**

The goal of conducting workshop is to encourage employees about Daily Discipline to the maximum number of employees.

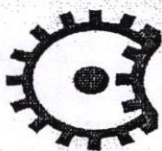

**Objectives:**

- Develop self-professionalism at work and in various business situations
- Improving Individual Workers
- Enhance professional appearance and create a lasting impression.
- Increasing Views and Opinions.

**Event details:**

Dr. Padmalochan Pradhan, of TGPCET, Nagpur conducted the session and explain about A positive image reflects a sense of integrity, trust and credibility. These are valuable assets for you - assets you never know when you'll need to fall back on. You can leverage your image in

## Tulsi Ramji Gaikwad-Patil College of Engineering and Technology

### Department of Master of Business Administration

business or in life. So how can you help build a positive image for yourself? Make an effort to have a positive outlook in life. Allow your inner self esteem and confidence to reflect through your personality. This is significant in guiding you as you navigate through each day, day after day. Walk the talk. Live true to your words. Learn and grow. Be open to feedback, and work on it.

Observe icons that inspire you. Study their mannerisms. Be a good listener. Dress for success. Respect punctuality. Help people. Keep your promises. Build relationships before you need them. Be engaged and involved in the community. Aim to inspire others.

### Outcomes:

- It becomes easier to introduce new products within a brand name.
- Additional profits in the form of new customers are attracted towards the product or service.
- It tends to develop a better business-customer relationship.
- It helps in increasing the trust level of existing customers and is helpful in customer retention.

### Conclusion:

The participants in the workshop reached consensus on a number of key issues. The six separate working groups selected representatives to present their summary conclusions at the end of the workshop.

A central theme that emerged during the workshop, both in the formal presentations in the plenary sessions and in the focused discussions of the thematically organized working groups, is the importance of the timely prediction of the radiation environment for mission design and mission operations.

Report  
on  
"Workshop on Investment in SIP"

Date-27/02/2015

Department of Master of Computer Applications under ISTE has conducted Vocational Education Training on "**Workshop on Investment in SIP**" at TGPCET, Nagpur

Aim-To Understand the basic of Software.

**Objective:**

- 1.To give knowledge about software to the SIP
- 2.To provide the practical guidance about SIP
- 3.To know the importance of software structure
- 4.To know how the complete program will be developed
- 5.to motivate student to make new SIP for new user need

**Introduction**

Department of Master of Computer Applications under ISTE has conducted Vocational Education Training on "**Workshop on Investment in SIP**" at TGPCET, Nagpur where the theory as well as practical knowledge about software and how to develop it has been thought.

This course gives basic knowledge about computer and software. How we can develop the software as per user requirements.

The development phases and how to design the software before coding how to code the programs to develop the software the full development strategies has been given with the practical knowledge.

With this training student learn the basics about program and how to developed the SIP.

**OUTCOME**

The student learn to the process and structure of SIP

They learn how to test the application with different possible test cases.

Student learn the mechanism of online application processing of SIP.

How to use software to develop the application.
