Subject: Invitation as an Expert for "Workshop on Android Application" Regarding.

Respected Sir,

It is our privilege to invite you as an expert for "Two Days workshop on Android Application". The Schedule of program is from 20th to 21st October 2014. The venue is at Tulsiramji Gaikwad-Patil College of Engineering & Technology, Wardha Road, Nagpur.

Please do find a day out of your busy schedule and convey us your acceptance and oblige.

Thanking you in anticipation.

Report on

Date: 23/10/2014

Two Days Workshop on Android Application

Name of Event: Workshop on Android Application

Date of Event: 20 to 21 October 2014

Event Coordinator: Prof. G. Ananth Kumar

Introduction:

Two days workshop on **Android Application** was organized by Department of Computer Sciences and Engineering under IEI (Institution of Engineers). The event 'Android Application workshop' was held on 20th and 21st October. Android is a Linux based operating system for devices such as smart phones and tablet computers. M.Tech scholars and faculty members were participated in the workshop.

Aim:

The aim of the workshop was to familiarize the participants with the basics of android programming and the moving to advance branches so that at the end the participants can design their own applications.

Objective:

- To get the participants familiar with the basics of Android
- To demonstrate firebase authentication with email, real-time database CRUD operations by developing application from scratch.
- Show how to create and use API with database

Event Details:

Mr.Aman Sèthi, Manager Bootcamps India provided insights about Android development. He explained them app architecture, app components and app resources. He not only explained it analytically but also demonstrated by creating an app with the students. Even the students got a

chance to experiment with their coding skills on Android Studio. To enhance their skills an app development competition was declared. In this the students had to design the user interface of the app.

Outcomes:

1. Participants were familiar with the Current trends of Android development and its advantages and disadvantages.
2. Awareness of benefits and changes it will bring to day-to-day activities and how it can benefit them irrespective of their branch
3. The students got insights about how apps will disrupt the digital world, how can it be useful to them and how it will bring the change in industry.
4. Aware about the types of validation, basic hardware and software requirements for android development.

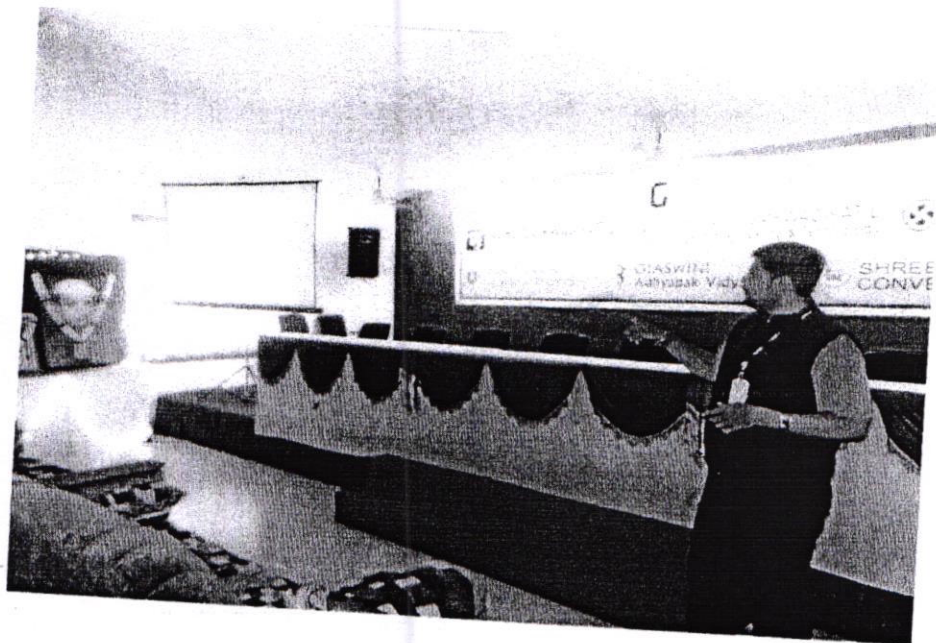

Attainment of PO:

- PO1. Engineering Knowledge
- PO2. Problem Analysis
- PO3. Design/Development of Solutions
- PO4. Conduct investigations of complex problems
- PO5. Modern tool usage
- PO7: Environment and sustainability
- PO9. Individual and team work.
- PO11. Project management and finance
- PO12. Lifelong Learning

Conclusion

The event ended on a high note, with every student understanding the basics of android and having a fair knowledge of the architecture, applications, layouts, databases, use of internet in android and tips to design user friendly applications. The training programmed had lectures and lab sessions and covered various topics. Participants were very well trained with how to use android software for application development and writing code for the application.

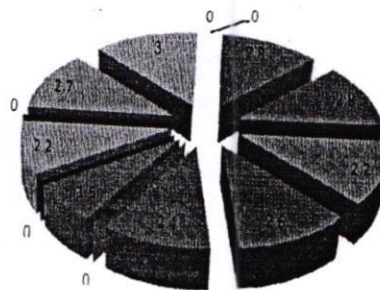

Two Days Workshop on "Android Application"

Acknowledgement:

On behalf of Computer Sciences and engineering department we sincerely thank to Mr.Aman Sethi Manager Bootcamps India for accepting our invitation for expert speaker and conducting workshop on Android Application.

REGISTRATION

- 1) Faculty from Academic & Research Institute
Rs. 1200/- (For all participants*)
* 50% Fees refundable for ISTE members on participation with full attendance.
- 2) From industry and commercial organization
Rs. 4000/- per participant.

HOW TO REGISTER

- 1) Interested participants should send their duly completed registration form through proper channel to Prof. Roshani Talmale HOD (CSE) FDP on "CYBER CRIME AND SECURITY" Dept. of CSE, Tulsiramji Gaikwad-Patil College of Engg. & Tech., Wardha Road, Nagpur - 441 108 Maharashtra State (INDIA).
- 2) Applications accompanied by Demand Draft in favor of Principal Tulsiramji Gaikwad-Patil College of Engineering & Technology, Payable at Nagpur.
- 3) As seats are limited. Confirmation of eligible candidates will be done as per criteria provided by ISTE.

IMPORTANT DATES

Last date for receipt of application: 10 Apr. 2014
Selection intimation to applicants: 12 Apr. 2014
Last date for receipt of confirmation from the applicants: 15 Apr. 2014

ACCOMMODATION

Boarding and lodging will be arranged on twin sharing basis in college hostels for out station participants

COLLEGE OF ENGINEERING & TECHNOLOGY, NAGPUR

ABOUT TGPCET

Since its establishment in 2007, Tulsiramji Gaikwad-Patil College of Engineering and Technology (TGPCET) is relentlessly following its motto of "Beyond Tomorrow", to realize the vision to emerge as leaders in technical and professional education and as a centre for creativity & innovation. The college runs UG courses in Computer Science & Engineering, Information Technology, Electronics Engineering, Electronics & Communication Engineering, Mechanical Engineering, Civil Engineering and Electrical Engineering. M. Tech in CSE, ECE, IPS, STRUCTURAL, M. E. in WCC, MBA, MCA are the PG courses and Civil Engg., Electrical Engg. DIPLOMA Courses are also offered by the institute. The Institute has recently developed a distinctive Finishing School "PRO-EXCELLENCE" to groom future generation of engineers.

ABOUT THE DEPARTMENT

Department of Computer Science & Engg. was established in 2007 and a B.E. degree course in Computer Science & Engg. started with an intake of 60 with the objective of imparting quality education in the field of CSE. The focus of the department is towards research and teaching activity based on advanced computational methods for modeling, analyzing, and solving complex tasks in technology and science. The research aims at the development of fundamental computer science methods for the analysis of large and high-dimensional data sets, and for the modeling and design of complex software, networking and other computational systems.

ABOUT WORKSHOP

Cyber Crime is increasing day by day in such a speed that in every 3 second an identity is stolen an unprotected computer can be effected within 4 minutes of internet connection. United Nations count fraud, forgery and unauthorized access in Cyber Crime.

We target on Securing computer Network System and application, Security information data and database and Security training and awareness.

OBJECTIVE OF THE WORKSHOP

- ☛ *The objective of this FDP is to introduce the key cyber crime and security concept that organization needs to understand if they have to protect themselves from the advanced threat present in the modern world.*
- ☛ *Promoting interaction about antivirus and spyware blocking software and being careful where you enter your personal information.*
- ☛ *It provides a model for establishing, implementing, operating, monitoring, reviewing, maintaining and improving an information security management system.*

COURSE CONTENT

The main emphasis of this course is to impart the fundamental knowledge in the following areas:

- ☛ *Introduction to cyber crime and cyber security*
- ☛ *Attacking Techniques*
- ☛ *Web Security*
- ☛ *Firewall/IDS/IPS*
- ☛ *Digital Forensics*
- ☛ *Mobile Security*
- ☛ *Security Certification*

Subject: Invitation for expert lecture in ISTE-PTU sponsored FDP (Faculty Development Program) on "Cyber Crime and Security".

Respected Sir,

We came to know about your rich impressive profile. It is our privilege to invite you as expert in ISTE-PTU sponsored FDP (Faculty Development Program) on "Cyber Crime and Security".

The date and place of program is already approved by ISTE and it will be conducted from 5th May to 9th May 2014 at Tulsiramji Gaikwad-Patil College of Engineering & Technology, Wardha Road, Mohgaon Nagpur. The participants for this program will be teachers from various colleges and polytechnics throughout India.

Your vast experience in this field will be of vital important for the incumbents attending the program. Please do find a day of your busy schedule and convey us your acceptance and oblige.

Thanking you in anticipation.

ISTE-PTU-FACULTY DEVELOPMENT PROGRAMME

COORDINATOR'S REPORT ON FACULTY DEVELOPMENT PROGRAMME

1. Location of Summer/Winter school : Department of Computer Science & Engineering ,
Tulasiramji Gaikwad-Patil College of Engineering &
Technology, Nagpur
2. Name of the Head of the Organization : Dr. G.K.Awari , Principal
3. Subject : Cyber Crime & Security
4. Coordinator's
 - i) Name, designation, Address,
Telephone/Fax Number : Prof. R.B.Talmale , HOD of CSE Department, Tulasiramji
Gaikwad-Patil College of Engineering & Technology,
Nagpur.
 - ii) Qualifications : Ph.D * , M,Tech(WCC)
 - iii) Area of Specialization : Wireless Security
5. Duration and dates of conduct of the course : 35 hrs (05/05/2014 to 09/05/2014)
6. Nature of the Programme : Educational Methodology
7. Level of the Programme : Engineering & Polytechnic
(Engineering college/Polytechnic)
8. List of Participants with Designation with full address : Attached Annexure I
9. List of Faculty of Institution(host)
 1. Prof. R.B.Talmale
 2. Prof. Vishal Tiwari
 3. Prof. Neha Mogre
 4. Prof. Jivan Dehankar
 5. Prof. Ankush Maind
 6. Prof. Rajesh Babu
 7. Prof. G.A.Kumar
 8. Prof. Shulbha Parate

True Copy Attested

TULSIRAMJI GAIKWAD-PATIL
COLLEGE OF ENGINEERING &
TECHNOLOGY, NAGPUR

10. List of Guest Faculty invited : Attached Annexure II
11. Data on Participants : Teachers
- a) No. of applications received : 40
- b) No. of applicants offered Admission : 40 participants.
- c) No. of Present on first day : 40
- d) No. of Present on last day : 40
- e) No. arrived late : Nil
- f) No. left early : Nil
- g) Basis of selection : Geographic distribution
- h) Name and Addresses of Dropouts, if any: Nil
- i) Name and Addresses of 3 outstanding participants, if any : 1) Prof.T.Prabhu ,HoD CS,Dr.MGR Educational & Research Institution University, Chennai
2) Prof. D.J. Chaudhari , Asst. Prof.,Govt. College of Engineering , Chandrapur.
- j) Articles issued to participants : Proceedings
- k) Lodging for participants : i) Double ii) Bath attached
- l) Boarding Arrangements : i) Veg & Non-Veg ii) Special Mess
- m) Other amenities/recreation facilities provided, if any : Internet Facility, 5 National news papers daily etc.
- n) Any specific difficulty or Short-coming complained of in general by participants : Nil

12. Time allotted of Academic Programme : 30 hrs (6 hrs /day Excluding breakfast, Lunch)
(indicate total hours of work)

Lecturer by Faculty	: 2 hrs
Guest Lecturers	: 16.5 hrs
Seminars	: 2 hrs
Group discussions	: 1 hrs
Assignments & tutorials(Projects)	: 2 hrs
Laboratory work	: 4.5 hrs
Field Trips	: 6 hrs
Library work	: 1 hr

13. Whether books, lecture notes and other materials provided to the participants well in time?
Yes , proceeding CD of FDP on "Cyber Crime & Security" is provided to all participants in the Valedictory function on 05/05/2014.

14. Regarding the Quality of the course conducted how do you rate the following?

	Poor			Excellent		Excellent
	:1	2	3	4	5	(5)
a) Use of teaching methods by course faculty relevant to adult learners						

- | | | | | | | |
|---|-----|---|---|---|---|-----|
| b) Presentation made by most of the Faculty | : 1 | 2 | 3 | 4 | 5 | (5) |
| c) Interactivity between expert faculty and Participants Development of subject matter by most of the faculty | : 1 | 2 | 3 | 4 | 5 | (5) |
| d) Use of appropriate teaching aids | : 1 | 2 | 3 | 4 | 5 | (5) |
| e) Handouts prepared by faculty for study by participants | : 1 | 2 | 3 | 4 | 5 | (5) |

15. What are the major benefits of the programme to

- | | |
|--|--|
| a) Participants | : Acquired latest knowledge in the area of Cyber Security. It will be helpful for the technical society of Student & Staff. |
| b) Host institution and its faculty | : Development of the faculty as the resource person. 10 in-house participants got benefit by this FDP. |
| c) Institute sponsoring the participants | : Faculty members of sponsoring institution are developed and their knowledge about the topic is updated. Faculty can impart this latest knowledge to their students. Participants got motivated for organizing such event in their institution. |

16. Indicate any noteworthy feature of this programme.

Participation from 3 states (TamilNadu, MadhyaPradesh & Maharashtra) . Excellent combination of speakers from Industry & Academics. Excellent remark from the participants for hospitality and technical sessions. This is the first ISTE-PTU sponsored FDP on "Cyber Crime & Security" in our institute under Dept. of CSE.

17. What was your observation regarding overall motivation of the participants in this course?

Excellent	V	Very good	Good	Satisfactory
-----------	---	-----------	------	--------------

18. Cost of the Programme (Ref. Para No. 2.1 at Page no.1)

- | | | |
|---|---|------------|
| a) Boarding and Lodging charges for Participants | : | Rs. 37,268 |
| b) TA, Boarding & Lodging for the invited experts | : | Rs. 25,760 |
| c) Honorarium to the invited experts
(6 Days x 2 sessions = 12 @ 1000/-) | : | Rs. 34,000 |
| d) Honorarium to the course coordinator | : | Nil |
| e) Ancillary Staff | : | Nil |
| f) Field Trip (One day) | : | Rs. 3,380 |
| g) Publication | : | Rs. 3,535 |
| h) Contingencies , Consumables & Office expenditure | : | Rs. 9,895 |

Total :-----

Rs. 1,10,485

19. Overall cost per participant

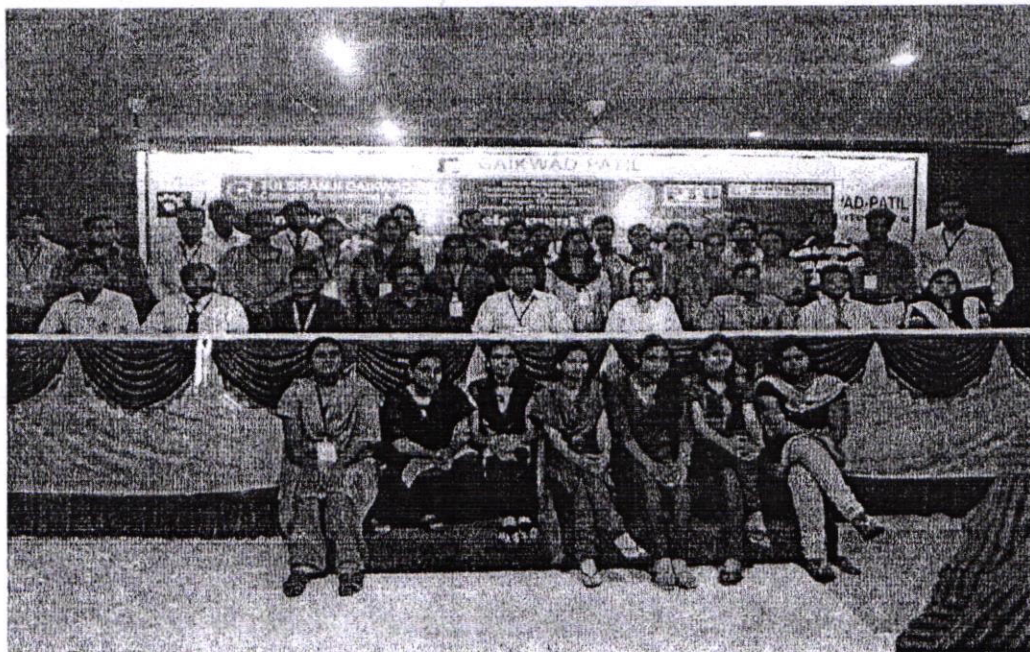

Rs. 1,842

**Report
on
"Secure Tunneling Intranetworking between Different locations"**

Date: - 08-11-2014

Department of Information Technology under ISTE has organized workshop on "Secure Tunneling Intranetworking between Different locations" in presence of Resource Person or speaker Mr. Deepak Dhote, Operational Manager IT NetworkZ Pvt. Ltd. Nagpur.

Aim:

A virtual private network (VPN) is a network that extends remote access to users over a shared infrastructure. VPNs maintain the same security and management policies as a private network. They are the most cost effective method of establishing a point-to-point connection between remote users and an enterprise customer's network.

Benefits

Access VPNs benefit both ISPs and enterprise customers as described in the following sections.

Benefits to the ISPs

- Offers end-to-end custom solutions that help differentiate the ISP in an increasingly competitive market
- Eliminates responsibility of managing the enterprise customer's user database
- Allows expansion to broadband technologies (such as DSL, cable, and wireless) as they become available

Benefits to the Enterprise Customers

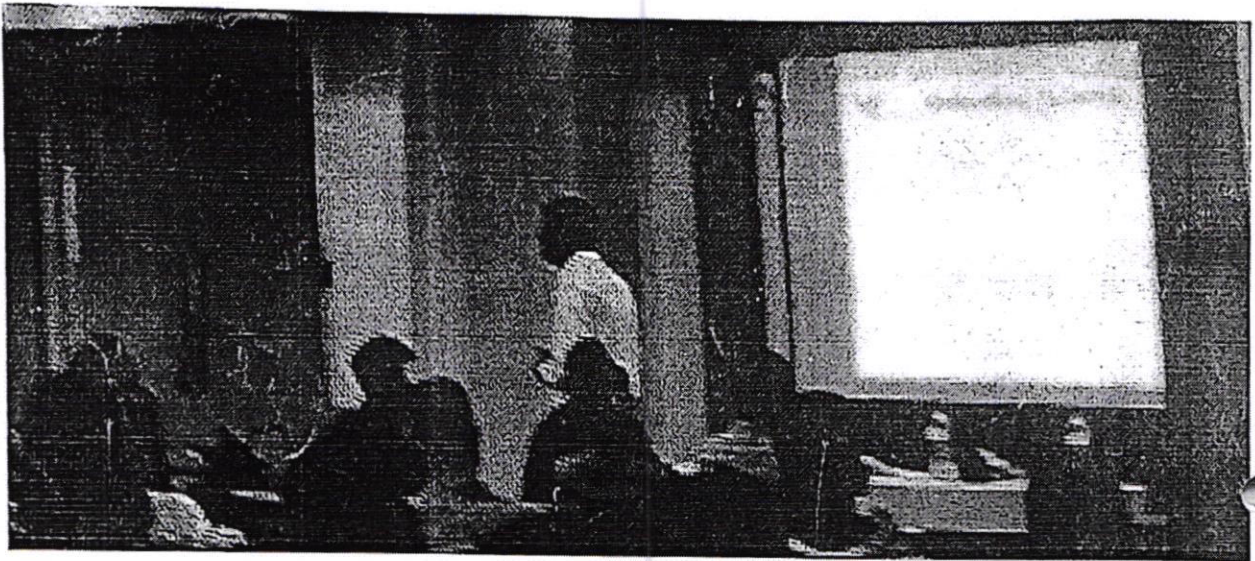

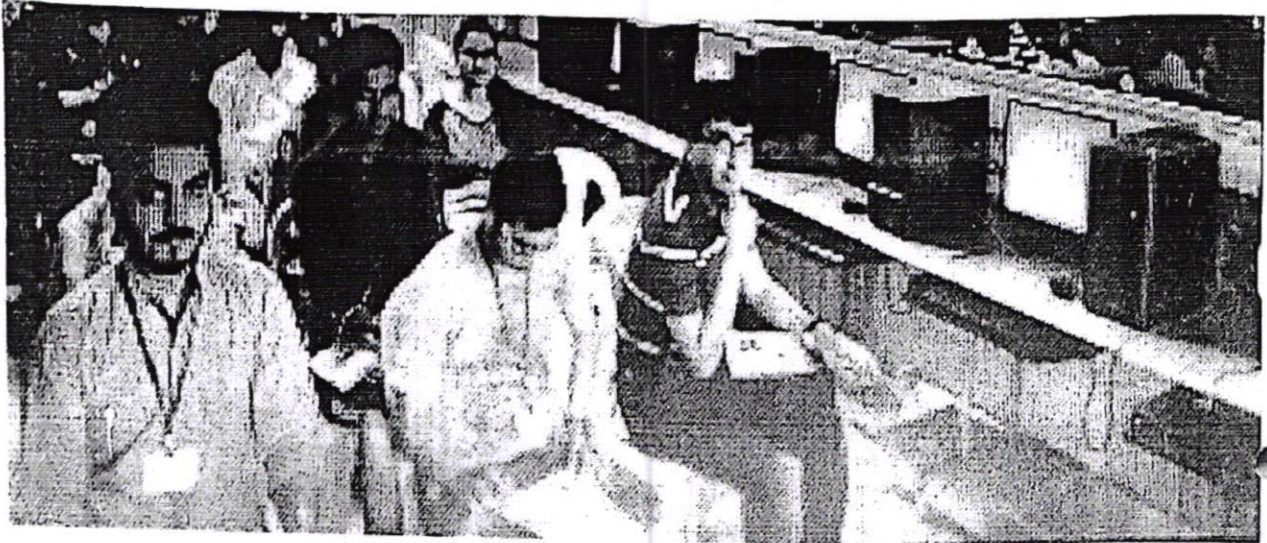

- Allows enterprise customers to focus on their core business responsibilities
- Minimizes equipment costs
- Simplifies complexity of upgrading technology
- Eliminates need of maintaining internetworking expertise
- Reduces long distance and 800 number costs
- Increases flexibility and scalability of connecting and disconnecting branch offices, users, and external partners
- Prioritizes traffic to ensure bandwidth for critical applications

Tulsiramji Gaikwad-Patil College of Engineering and Technology

Wardha Road, Nagpur-441 108

**Report
on
"Hardware and Networking"**

Date: - 12-01-2015

Department of Information Technology under ISTE has organized workshop on "Hardware & Networking" in presence of Resource Person or speaker Mr. Santosh Selokar, director SSIT Pvt. Ltd. Nagpur.

Aim:

Make the faculty aware about hardware and Networking devices also OSI layers.

Objective:

1. Understand basic concept & structure of Computer Hardware & Networking Components.
2. Identify the existing configuration of the computers & peripherals.
3. Upgrading the same as & when required.
4. Apply their knowledge about computer peripherals to identify/rectify problems on board.
5. Integrate the PC's into Local Area Network & re-install OS & various shipboard applications.
6. Perform routine maintenance, upgrades of virus definitions, set schedules etc.
7. Manage data backup & restore operations.
8. Analyze &/or troubleshoot communication problems related to Engine Room Automation & various Navigational Bridge Equipment.

Introduction:

This program provides an introduction to computer networking and hardware concepts and highlights the use of software and hardware tools as an aid to enhance teaching and learning computer networking and hardware fundamentals.

A basic knowledge of network topology, channel access protocol, network traffic, and networking devices is needed when designing and implementing a LAN.

The term computer hardware refers to the physical components of a computer system those that one can see and touch. The CPU, memory, and input and output devices are the main components of a computer. To understand the operation of a modern processor, it is important that the student grasp the basic concepts of computer hardware.

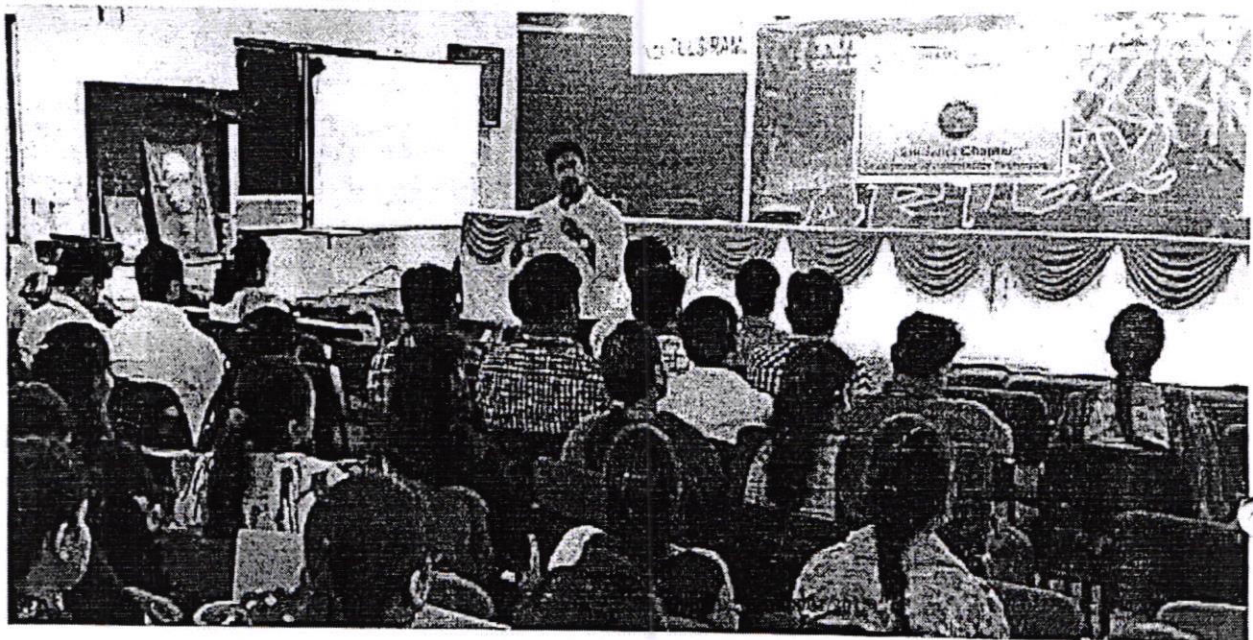

Department of Information Technology

Outcomes of Program:

Able to identify and rectify the onboard computer hardware, software and network related problems in Engine Room Integrated Automation systems and Navigational equipment on Bridge.

Able to understand the hardware specifications that are required to run operating system and various shipboard application programs.

Learn about upgrading of existing hardware/software as and when required. The main aspect of this program is to eliminate cost for the shore technician boarding the vessel to trouble shoot, install/configure the application program and network related problems and thereby charging exorbitant fees to ship owners/managers

Hardware and Networking workshop on 08th to 09th Jan. 2015

Report
on
WORKSHOP ON VERILOG TECHNOLOGY

Date: 12th September ,2014

Department of Electronics & Communication Engineering organizing a workshop on "VERILOG TECHNOLOGY" for Teaching staff on 12th September ,2014.

Aim: To understand how to develop the verilog technology.

Objective:

1. The purpose of manufacturing tests is to validate that the product hardware contains no manufacturing defects that could adversely affect the product's correct functioning.
2. The Internet of Things (IoT) has evolved from the convergence of wireless technologies, microelectromechanical systems (MEMS) and the Internet. By connecting „things“ in the real world such as cars, buildings, and industrial equipment, IoT promises to revolutionize how we live and work. The IoT market is likely to experience around 28% year-on-year growth, rising to 5.4 billion connections across the globe by 2020, counting cellular, fixed line, satellite and short range wireless connections, up from 1.2 billion devices in the year 2014.
3. To get to know new platforms in Internet of Things..
4. Scope for future jobs in various industry..

Introduction:

Department of Electronics & Communication Engineering under IE(I) has Conducted Workshop on Verilog Technology. In this workshop both theory and practical session are covered.

The course gives basic knowledge of Verilog design consists of a hierarchy of modules. Modules encapsulate design hierarchy, and communicate with other modules through a set of declared input, output, and bidirectional ports. Internally, a module can contain any combination of the following: net/variable declarations (wire, reg, integer, etc.), concurrent and sequential statement blocks, and instances of other modules (sub-hierarchies). Sequential statements are placed inside a begin/end block and executed in sequential order within the block. However, the blocks themselves are executed concurrently, making Verilog a dataflow language..

Outcome :-:

1. Knowledge and understood of fundamental of modeling which is used in VHDL.
2. Learned the basics of mela and moore statemachine in verilogHDL.
3. Students will able to CMOS design technology and design various gate circuits.

5. How open platforms allow you to store your data in this technology

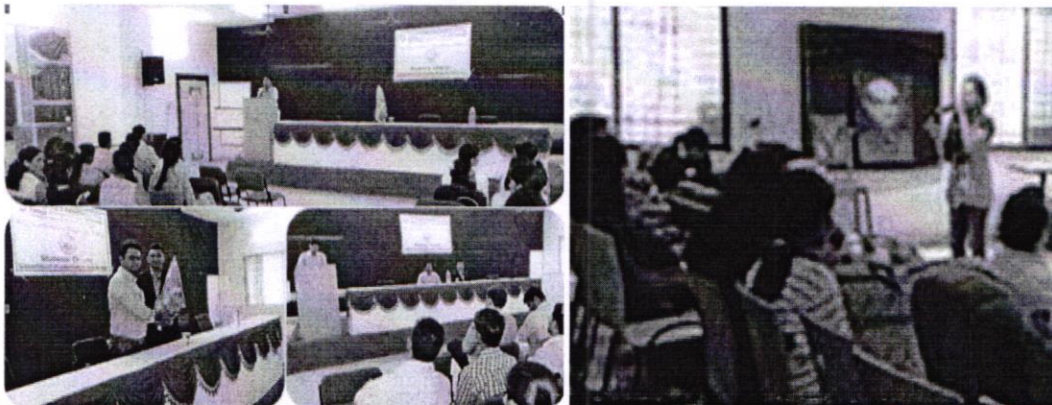

5. How open platforms allow you to store your data in this technology.
6. The basic usage of the Verilog environment for creating your own VHDL projects at low cost.

The following PO's have been accomplished:

This Workshop helps the Teaching Staff to learn about

1. Engineering knowledge.
2. Problem Analysis.
3. Design/development of solutions.
4. Modern tool usage.
5. Communication.
6. Individual and team work

Glimpses of Event:

***Verilog Technology Program by Ms.Renuka Wekhande, Project Manager
S.M.Technology, Nagpur***

Conclusion:

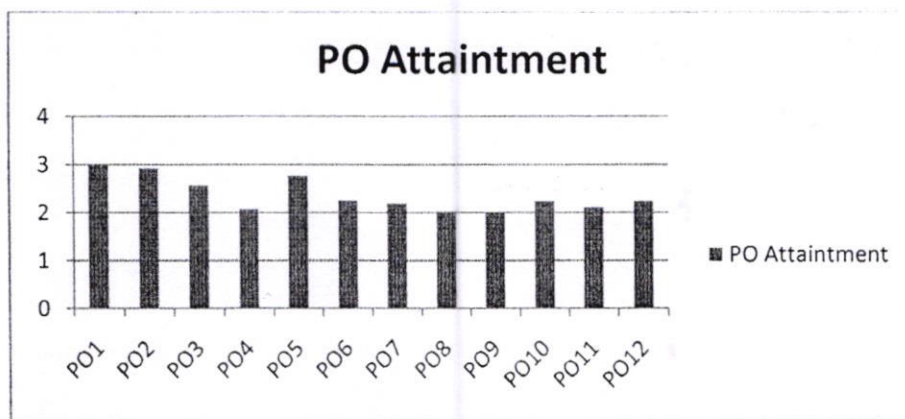

The workshop started with opening remark of Head of the Department, Electronics and Communication Engineering, and a little more added by Ms.Renuka Wekhande, Project Manager.

Workshop started with introduction of Verilog Technology. Workshop ended with Certificate distribution and the vote of thanks proposed by program coordinator.

LETTER OF THANKS

To,
Mr. Pradeep Barange ,
Sr. Manager, Technical Services,
Ambuja Cement Ltd., Nagpur

Respected Sir,

It was pleasure to have you with us, on 13/09/2014 for giving guidance and enlighten to our students. Thank you for being with us and sparing your valuable time. No doubt this will help everyone in improving their knowledge.

This would not have been possible without your extreme support. We look forward for your co-operation in future also.

With Regards

Session: 2014-15

Report on

One Day Workshop on Concrete Mix Design

Name of Event: One Day Workshop on Concrete Mix Design

Date of Event: 13-09-2014

Event Coordinator: Prof. Nimita Gautam

Introduction:

Department of civil engineering organized One Day Workshop on Concrete Mix Design under Indian Concrete Institute(IEI) banner. Concrete Mix Design is the process of selecting the ingredients for a concrete mixture & Designing on their proportions. This workshop is conducted for today's M-tech Scholars and faculty members where participated in the workshop.

Aim:

The purpose of this course is to help students and faculty members to analysis the process of selecting the ingredients for a concrete mixture & Designing on their proportions.

Objective:

1. The purpose of concrete mix design is to ensure the most optimum proportion of the constituent materials to fulfill the requirement of the structure being built.
2. To achieve the design and desired workability in the plastic stage.
3. To achieve the desired minimum strength in the hardened stage.
4. To achieve the desired durability in the given environment condition.
5. To produced concrete as economically as possible.

Event Details:

Mr.Pradeep Barange conducted the session and explain about Concrete Mix Design application in civil engineering. In Concrete Mix Design as per Indian standard code the process of selecting suitable ingredients of concrete and determining their relative amounts with the objective of

Tulsiramji Gaikwad-Patil College of Engineering and Technology

Wardha Road, Nagpur-441108

Department of Civil Engineering

producing the concrete of the required, strength, durability & workability as economically as possible.

Outcomes:

1. The site engineer is required to make the concrete at site, closely following the parameters suggested by the mix designer to achieve the minimum strength specified by the structural engineer.
2. The design of concrete mix requires complete knowledge of various properties of this constituent materials, this make the task of mix design more complex and difficult.

Attainment of PO:

PO 1.Engineering knowledge
PO 2.Problem analysis
PO 3.Design/Development of Solutions
PO 5. Modern Tool usage
PO 6.The Engineer And Society
PO 9.Individual and teamwork
PO 11.Project Management and Finance
PO 12.Life-long learning

Conclusion:

The course provided in Concrete Mix Design provides with a basic working knowledge of the process of selecting the ingredients for a concrete mixture & Designing on their proportions. To achieve the desired durability in the given environment condition.

Session: 2014-15**Report on****One Day Workshop on Demonstration of Hydrological Instruments****Name of Event:** One Day Workshop on Demonstration of Hydrological Instruments.**Date of Event:** 14-03-2015**Event Coordinator:** Prof. Nimita Gautam**Introduction:**

Department of civil engineering organized One Day Workshop on Demonstration of Hydrological Instruments. Under Indian Concrete Institute (IEI) banner. Hydrological Equipment deals in multi-parameter water quality instrument, eco-sounders, clamp on portable ultra-sonic flow meter, bubbler type water level recorder, digital water level recorder, radar type water level recorder, water temperature profiler, water current meter (propeller type) etc.

Aim:

The purpose of this course is to help students and faculty members to understand the complex water system of the earth and help solve water problems.

Objective:

1. To understand hydrology and hydrological cycle.
2. To Study Rainfall Measurements.
3. To analyze of rainfall records.
4. To achieve the runoff calculations.
5. To abstract abstraction from rainfall evaporation, Evapo-transpiration and infiltration.

Event Details:

Mr. N.Z. Baisware conducted the session and explains about Hydrological Instrument in civil engineering. Hydrological Equipment deals in multi-parameter water quality instrument, eco-

Subject: Invitation for the august presence on **09/08/2014** for the Inauguration of the Faculty Development Program on Instructional Planning and Delivery” from 13/08/2014 to 14/08/2014

Respected Sir,

Warm Regards from Tulsiramji-Gaikwad Patil College of Engineering and Technology (TGPCET), Nagpur

TGPCET is one of the most promising and upcoming Engineering Institutions in Vidarbha region. The college is a part of Gaikwad-Patil Group of Institutions which caters to cultivating students in various fields such as Engineering, Architecture, Pharmacy, Education, etc. It comes under the umbrella of Rashtrasant Tukdoji Maharaj Nagpur University and is affiliated to AICTE.

As a professional education institute involved in producing engineers, it is imperative for us that our students are industry relevant and ready. As such we feel the urge for high amount of student interaction with the industrial setup. Hence, we encourage our students to maximize their industry interaction in ways such as industrial visits, projects & Expert lectures. This helps them to get practical experience of theoretical knowledge that they acquire in their curriculum.

In our regular Mechanical Engineering Department student’s “ROBUST- Forum & IEI Activity” we arrange the lectures of the Experts from the field so as to bridge the gap between theory and practical.

We are glad to inform that the Department of Mechanical Engineering organizing Faculty Development Program on Instructional Planning and Delivery” **from 13/08/2014 to 14/08/2014**. The Faculties and Industrialist are expected to attend this workshop. In this workshop you are invited to grace the occasion by your presence during the Inaugural Function of Faculty Development Program on Instructional Planning and Delivery” **from 13/08/2014 to 14/08/2014**

We also hope that this can be a beginning of a long lasting, professionally satisfying and mutually beneficial relationship between our organizations.

Regards and Best wishes

Report

FDP: "Faculty Development Program on Instructional Planning and Delivery" from 13/08/2014 to 14/08/2014

Introduction: The department of Mechanical Engineering has organized a Faculty Development Program on Instructional Planning and Delivery" from 13/08/2014 to 14/08/2014

Dr. A.R.Bapat (Ex. Principal Vincent Palloti College of Engineering Nagpur) was the Keynote speaker for the FDP.

Aim: To understand the Instructional Planning and Delivery

Objective: 1) To aware the participants from academicians about Instructional Planning and Delivery
2) To know about scope of Instructional Planning and Delivery

Lecture Details:

Dr. A.R.Bapat (Ex. Principal Vincent Palloti College of Engineering Nagpur) explained in this session about his knowledge in Instructional Planning and Delivery.

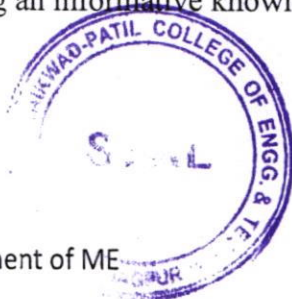

Mapping of lecture with POs:

- 1) Engineering knowledge
- 2) Problem analysis.
- 3) Design/ Development of solutions.
- 4) Conduct investigations of complex problems.
- 5) Modern tool usage.
- 6) The Engineer and Society.
- 8) Ethics.
- 9) Individual and team work.
- 10) Communication
- 11) Project Management and Finance.
- 12) Lifelong learning.

Outcomes of FDP: Outcome of this FDP is analyzed by the feedback forms based on few questions and answered by Participants. The analysis report of conference is attached here with. On the basis of feedback form it is observed that participants understood the concept of Instructional Planning and Delivery

Conclusion: The FDP is started with opening remark of head of the department, Mechanical Engineering and Presidential speech was given by the principal, TGPCET, The vote of thanks proposed by Program Coordinator.

Acknowledgement: On the behalf of Mechanical Engineering Department we sincerely Thanks Dr. A.R.Bapat (Ex. Principal Vincent Palloti College of Engineering Nagpur) for accepting our invitation and delivering an informative knowledge Instructional Planning and Delivery

Subject: Permission for "Workshop on Creative Problem Solving, Innovation and Meaningful R&D"
from **22/12/2014 To 24/12/2014**

Respected sir,

The Department of Mechanical Engineering is organising " Workshop on Creative Problem Solving, Innovation and Meaningful R&D" from **22/12/2014 To 24/12/2014** for the Students, faculties and industrialist. The purpose of this conference is to provide the knowledge of Creative Problem Solving, Innovation and Meaningful R&D which beyond their curriculum and it will help the faculties in future

I humbly request you to kindly give us the permission for the same

Thanking you!

Subject: Invitation for the august presence on **24/12/2014** for the Inauguration of the Workshop on Creative Problem Solving, Innovation and Meaningful R&D" from **22/12/2014 To 24/12/2014**

Respected Sir,

Warm Regards from Tulsiramji-Gaikwad Patil College of Engineering and Technology (TGPCET), Nagpur

TGPCET is one of the most promising and upcoming Engineering Institutions in Vidarbha region. The college is a part of Gaikwad-Patil Group of Institutions which caters to cultivating students in various fields such as Engineering, Architecture, Pharmacy, Education, etc. It comes under the umbrella of Rashtrasant Tukdoji Maharaj Nagpur University and is affiliated to AICTE.

As a professional education institute involved in producing engineers, it is imperative for us that our students are industry relevant and ready. As such we feel the urge for high amount of student interaction with the industrial setup. Hence, we encourage our students to maximize their industry interaction in ways such as industrial visits, projects & Expert lectures. This helps them to get practical experience of theoretical knowledge that they acquire in their curriculum.

In our regular Mechanical Engineering Department student's "ROBUST- Forum & IEI Activity" we arrange the lectures of the Experts from the field so as to bridge the gap between theory and practical.

We are glad to inform that the Department of Mechanical Engineering organizing Workshop on Creative Problem Solving, Innovation and Meaningful R&D" from **22/12/2014 To 24/12/2014**. The Students, Faculties and Industrialist are expected to attend this workshop. In this workshop you are invited to grace the occasion by your presence during the Inaugural Function of Workshop on Creative Problem Solving, Innovation and Meaningful R&D" from **22/12/2014 To 24/12/2014**.

We also hope that this can be a beginning of a long lasting, professionally satisfying and mutually beneficial relationship between our organizations.

Regards and Best wishes

Head
Department of Mechanical Engineering

Report

Workshop: " Workshop on Creative Problem Solving, Innovation and Meaningful R&D" from **22/12/2014 To 24/12/2014**

Introduction: The department of Mechanical Engineering has organized a Workshop on Creative Problem Solving, Innovation and Meaningful R&D" from **22/12/2014 To 24/12/2014**

Dr. J.P. Modak (Professor PCE College of Engineering Nagpur) was the Keynote speaker for the Workshop.

Aim: To understand the technique of Creative Problem Solving, Innovation and Meaningful R&D.

Objective: 1) To aware the participants from academicians about technique of Creative Problem Solving, Innovation and Meaningful R&D

2) To know about scope of technique of Creative Problem Solving, Innovation and Meaningful R&D

Lecture Details:

Dr. J.P. Modak (Professor PCE College of Engineering Nagpur) explained in this session about his knowledge in Innovation and Meaningful R&D

Mapping of lecture with POs:

- 1) Engineering knowledge
- 2) Problem analysis.
- 3) Design/ Development of solutions.
- 4) Conduct investigations of complex problems.
- 5) Modern tool usage.
- 6) The Engineer and Society.
- 8) Ethics.
- 9) Individual and team work.
- 10) Communication
- 11) Project Management and Finance.
- 12) Lifelong learning.

Outcomes of FDP: Outcome of this FDP is analyzed by the feedback forms based on few questions and answered by Participants. The analysis report of conference is attached here with. On the basis of feedback form it is observed that participants understood the concept of Effective Modes of Student Assessment and Evaluation.

Conclusion: The FDP is started with opening remark of head of the department, Mechanical Engineering and Presidential speech was given by the principal, TGPCET, The vote of thanks proposed by Program Coordinator.

Acknowledgement: On the behalf of Mechanical Engineering Department we sincerely thank Dr. J.P. Modak (Professor PCE College of Engineering Nagpur), for accepting our invitation and delivering an informative knowledge of Creative Problem Solving, Innovation and Meaningful R&D.

Session 2014-15

Report on

One week STTP on 'Advances in power electronics and power system'

Name of Event: One week STTP on 'Advances in power electronics and power system'

Date of Event: 23/06/2014-28/06/2014

Event Co-Ordinator: Prof. Prafull Gadge

Introduction:

Department of electrical Engineering organized two days workshop on Recent trends in Power Electronics and Power System under Institute of Engineers India (IE(I)) banner. This workshop will explore knowledge about power electronics and power system. This workshop was conducted for two days. Faculty members and M.Tech students are participated in the workshop.

Aim:

Purpose of this workshop is to help student and faculty members to understand the concept of power electronics along with Power system in different areas.

Objective:

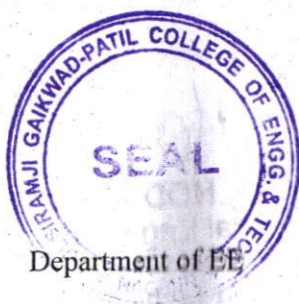

1. Exposing participants to the basic principles of power electronics.
2. Providing practical knowledge of power system and power electronics.
3. Enhancing capabilities of participants in practical knowledge.

Event Details:

Dr. S. R. Bhide, Professor VNIT Nagpur, Dr. S.S. Bhatt, Professor, VNIT Nagpur, Dr. M.V. Aware, Professor, VNIT Nagpur, Dr. A.V.Giridhar, Assistant Professor, NIT Wrangal, Dr. M. Renge, Profesor RKNCE, Nagpur conducted the session and explain about power system. This course included with theory and practical concept of power system and power electronics. Practical session was conducted to learn detail about power system.

Outcome:

1. Awareness of latest tools and technology
2. Explore topics for research purpose.
3. Hands on Session by industry experts.
4. Getting acquitted with latest trends and technology.

Subject: Invitation as expert for Two day workshop on "**Solar Panel Making and PCB Designing**"

Respected Sir,

It is our privilege to invite you as an expert for Two day workshop on "**Solar Panel Making and PCB Designing**" 'The schedule of the program is from 09/08/2015 at Tulsiramji Gaikwad-Patil college of Engineering and Technology, Wardha road, Nagpur.

Please do find a day out from your busy schedule and convey us your acceptance and oblige.

Thanking You Anticipation.

Session 2014-15
Report on

 Two days workshop on **"Solar Panel Making and PCB Designing"**
Name of Event: Two days workshop on **"Solar Panel Making and PCB Designing"**
Date of Event: 08/08/2015- 09/08/2015

Event Co-Ordinator: Prof. Prafull Gadge

Introduction:

Department of electrical Engineering organized two days workshop on Solar Panel Making and PCB Designing under V.V.Informatics Private Limited banner. This workshop will explore knowledge about Solar Panel Making and PCB Designing. This workshop was conducted for two days. Faculty members and M.Tech students are participated in the workshop.

Aim:

Purpose of this workshop is to help student and faculty members to understand the concept Solar Panel Making and PCB Designing

Objective:

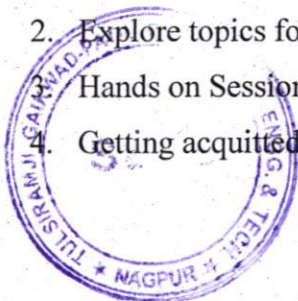

1. Exposing participants to the basic principles of power electronics.
2. Providing practical knowledge of power system and power electronics.
3. Enhancing capabilities of participants in practical knowledge.

Event Details:

Mr. Sandeep Sonaskar, Director, V.S.informatics P. Ltd., Nagpur, Mr. Amit Jain, BDM, Astral Informatics (P) Ltd. conducted the session and explain about Solar Panel Making and PCB Designing. This course included with theory and practical concept of Solar Panel Making and PCB Designing. Practical session was conducted to learn detail about Solar Panel Making and PCB Designing.

Outcome:

1. Awareness of latest tools and technology
2. Explore topics for research purpose.
3. Hands on Session by industry experts.
4. Getting acquainted with latest trends and technology.

"Effective Classroom management"

Date-05/09/2014

Department of Master of Computer Applications under ISTE has conducted Vocational Education Training on "Effective Classroom management" at TGPCET, Nagpur

Aim-To Understand the basic of classroom.

Objective:

- 1.To give knowledge about classroom
- 2.To provide the practical guidance about classroom
- 3.To know the importance of classroom
- 4.To know how the complete skill will be developed
- 5.to motivate student to make new ideas for new user need

Introduction

Department of Master of Computer Applications under I ISTE has conducted Vocational Education Training on "Effective Classroom management" at TGPCET, Nagpur where the theory as well as practical knowledge about software and how to develop it has been thought.

This course gives basic knowledge about computer and software. How we can develop the classroom as per user requirements.

The skill development phases and how to design the skill before coding how to code the programs to develop the skill of development strategies has been given with the practical knowledge.

With this training student learn the basics about software and how to develop the classroom.

OUTCOME

The student learn to the process and structure of classroom.

They learn how to test the application with different possible test cases.

Student learn the mechanism of online application processing.

How to use software to develop the application.

One Day Workshop on Effective Teaching Strategies : Key to classroom Excellence

Name of Event: One Day Workshop on Effective Teaching Strategies: Key to classroom Excellence

Date of Event: 07/10/2014

Event Coordinator: Dr.Zafar Ahmad Gulam Zamir Sheikh

*** Introduction:**

Department of Master of Business Administration organized One Day Workshop on Effective Teaching Strategies: Key to classroom Excellence, effective teaching as that which leads to improved student achievement using outcomes that matter to their future success. Defining effective teaching is not easy. The research keeps coming back to this critical point: student progress is the yardstick by which teacher quality should be assessed. Ultimately, for a judgment about whether teaching is effective, to be seen as trustworthy, it must be checked against the progress being made by students.

Aim:

The ability to develop relationships with their students. The most frequent response is that a great teacher develops relationships with students.

Objective:

9. To explain the ability to develop relationships with their students.
10. To understand knowledge of learners.
11. To understand dedication to teaching.
12. To understand engaging students in learning.

Event Details:

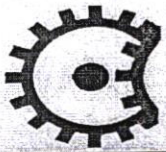

Dr.Zafar Ahmad Gulam Zamir Sheikh has explained the following:

9. The ability to develop relationships with their students
10. Identify knowledge of learners.
11. Dedication to teaching.
12. Engaging students in learning.

Outcomes:

1. Faculties are able to develop relationships with their students.
2. Faculties are able to enhance the key to classroom Excellence.

Conclusion:

Faculties were considered effective if they were able to address multiple teaching styles, were organized, and clear and honest on what they wanted and expected from the students. Also humor, making personal connections, and providing real life examples and connections were the most common things the participants mentioned as making teachers a good teacher. We were even able to gather that not reading from PowerPoints, being mono-toned, and caring about things were the strongest suggestions from the participants.

Report on

One Day Workshop on Research Methodology

Name of Event: One Day Workshop on Research Methodology

Date of Event: 11/2/2014

Event Coordinator: Dr.G.K.Awari

Introduction:

Department of Master of Business Administration organized One Day Workshop on Research Methodology, is a way to systematically solve a research problem. It is a science of studying how research is done scientifically. It aims to give the work plan of research. It provides training in choosing methods materials, scientific tools and techniques relevant for the solution of the problem.

Aim:

Faculties will be able to define research problem and also be able to formulate and abbreviated version of research proposal

The faculties will be able to select suitable method of data collection and will be able to make questionnaire/ E- questionnaire.

Objective:

1. To explain, what exactly the research is expected to do.
2. To understand the data collection techniques to be used with justification.
3. To understand the sampling plan method which would be such that generalizations from sample to the population is feasible.
4. To understand the data processing and analysis method to be used.
5. To know the time required to carry out the research and cost budget.

Event Details:

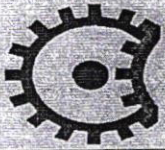

Dr. G. K Awari has explained the following:

1. Explain, what exactly the research is expected to do.
2. To understand the data collection techniques to be used with justification.
